are my letters/numbers legible?
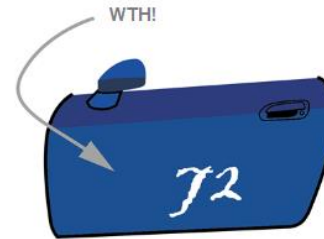

font and car color too similar

72

no

font too small

72

nope

WTH!

72
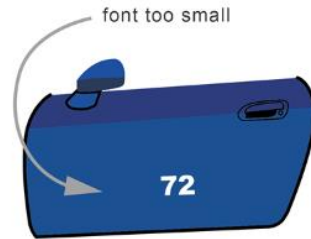

no way! you have been racing for how long? get rid of the painter tape already. get some real numbers we can actually read.

TOP OF THE ROCKIES
Corvette
ASSN.
LONGMONT, COLO.

basic guidelines
--contrasting colors
--visible across the parking lot
--legible font

- thank you SCCA Hawaii Region for the idea

numbers
- 6" tall minimum
- 1.25" stroke minimum
- contrasting color
- both sides of the car

letter for ladies
- you need to have one
- same req as numbers

72 L

No painter's tape numbers.

Car numbers and letters must be legible at speed.

Numbers are to be placed on the side of the car.

If possible, no numbers on windows as they are hard to read.
